INTRODUCiNG

NOiR

Introducing NOiR, a brand-new aesthetic concept designed to elevate our latest door range, Eaton. Inspired by the dark glamour and effortless style of the roaring 20's, the NOiR theme combines stunning new pieces of glass with specially selected shades, Black, Black Ash Brown and Anthracite Grey, to bring the designs within the Eaton collection to life.

Features & Benefits

Performance

The ORiGINAL® composite door offers a truly appealing entrance for any home, with a high-definition smooth or grained GRP outer skin that will look stunning for years to come.

The door offers stability from the elements with protection against any water ingress. The inner core is manufactured from high density polyurethane foam, which offers exceptional thermal efficiency and will help to reduce energy bills in the home in comparison with any other door on the market.

Colours

With our high-performance paint technology, we can offer any colour door which can even complement the colour options on frames. This provides a fantastic choice for your home. In most cases the doors come in white as standard on the internal side, however, the options are endless, so get creative with colour and choose something different for the internal side.

Security

We take security very seriously. The ORiGINAL® composite door comes with security features which stand up to current and future security standards, including PAS 24 in line with Approved Document Q. We recommend the use of multipoint locks (locks should always be engaged so the door is not left just on the latch) and security hardware including TS007 high security cylinders and handle combinations and TS008 letterplates.

A slam shut lock option is available for a contemporary look, however, please note that slam shut locks should be used with caution as the operation of these may not suit certain individuals. We recommend an aluminium lock strip is used in conjunction with heritage locking systems.

Glass and Glazing

The visual impact of your door is enhanced by your choice of glass. Depending on the style, the units will be either a double or triple glazed unit. The FLiP® glazing cassette system passes PAS 24:2016 security attack tests.

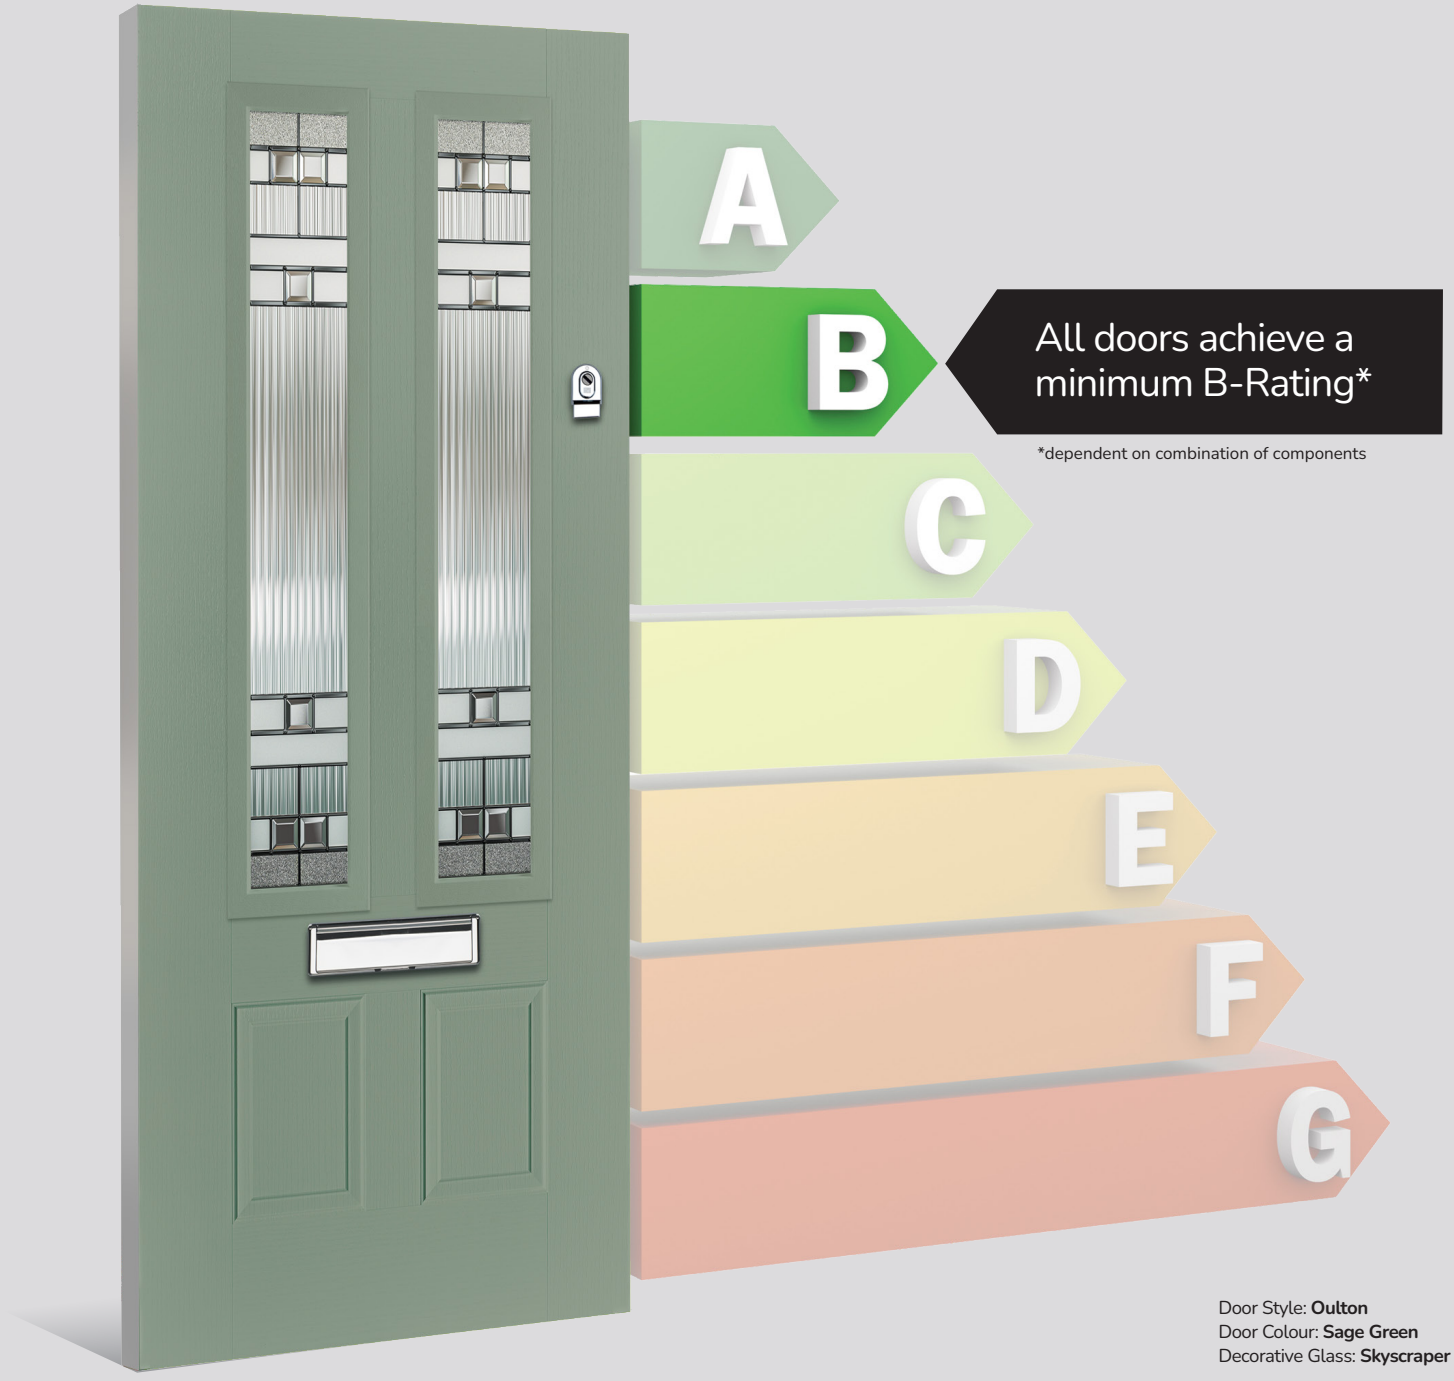

All glass units supplied are laminated & comply with Approved Document Q specification that the glazing unit needs to contain one pane of class P1A (EN356) glass, which must be 6.8mm, security laminated.

Thermal Performance

The ORiGINAL® composite doors are thermally efficient by design.

The warm foam core allows the door to have a significantly better 'U' value than any other option on the market, meaning your entranceway is more thermally efficient with ORiGINAL.

Our full door range complies with Document L and the requirements of the current Building Regulations.

Door Colour: **Sage Green**
Decorative Glass: **Skyscraper**

Door Finishes

The ORiGINAL® composite door is the minimal-maintenance alternative to traditional door materials. It has reinforced GRP skins, finished in either woodgrain or an exclusive smooth/etched finish that perfectly matches aluminium and delivers kerb appeal for any property. The ORiGINAL® door outperforms other market alternatives with outstanding thermal performance. Inside, the PU foam core reduces heat loss and is encased by an LVL (Laminated Veneer Lumber) subframe to provide strength and rigidity. The door protects the home from the elements and will have minimal thermal expansion and contraction rates under extreme temperature variations which is perfectly normal.

FLiP®

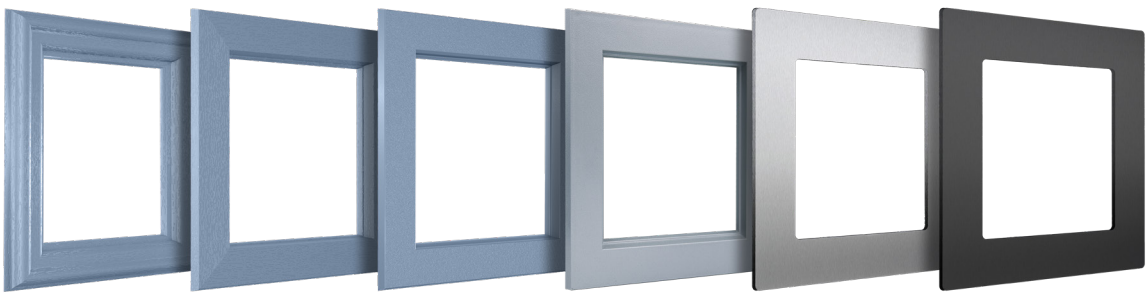

Exclusive Glazing Cassettes

The ORiGINAL® Composite door range uses FLiP®, an exclusive glazing cassette system with revolutionary Foam in Place technology. We also offer the unique Inox™ cassette system finished in stainless steel or black matt finish.

FiP® Technology

The pre-applied foam in place technology creates a superior seal that prevents any water ingress. FLiP® achieved over 1000pa through the glazing aperture during weather testing.

FLiP® Standard | FLiP® Flat Grained | FLiP® Flat Stipple | FLiP® METALLiC | Inox™ Stainless Steel | Inox™ Black Stainless Steel

Standard

The traditional choice with a moulded design and a woodgrain finish to suit a more conventional door design.

Flat Grained

Be eclectic by combining a woodgrain finish with a modern squared-off flat profile that compliments a contemporary Flush or designer Monza II door.

Flat Stipple

The modern one, with a squared-off flat profile and smooth stippled finish that perfectly matches Links, our aluminium-effect composite door.

Inox™

For a more European look, choose the stunning Inox™ stainless steel frames.

Door Styles

A range of traditional doors designed to replicate the most popular timber doors and come with highly defined mouldings and realistic woodgrain embossing on the surface. Whether for a Victorian home, a modern townhouse or a farmhouse cottage, these doors always enhance the appearance of the entrance.

* Some RAL colours containing luminous elements are unavailable

PAiNT allows us to colour match anything

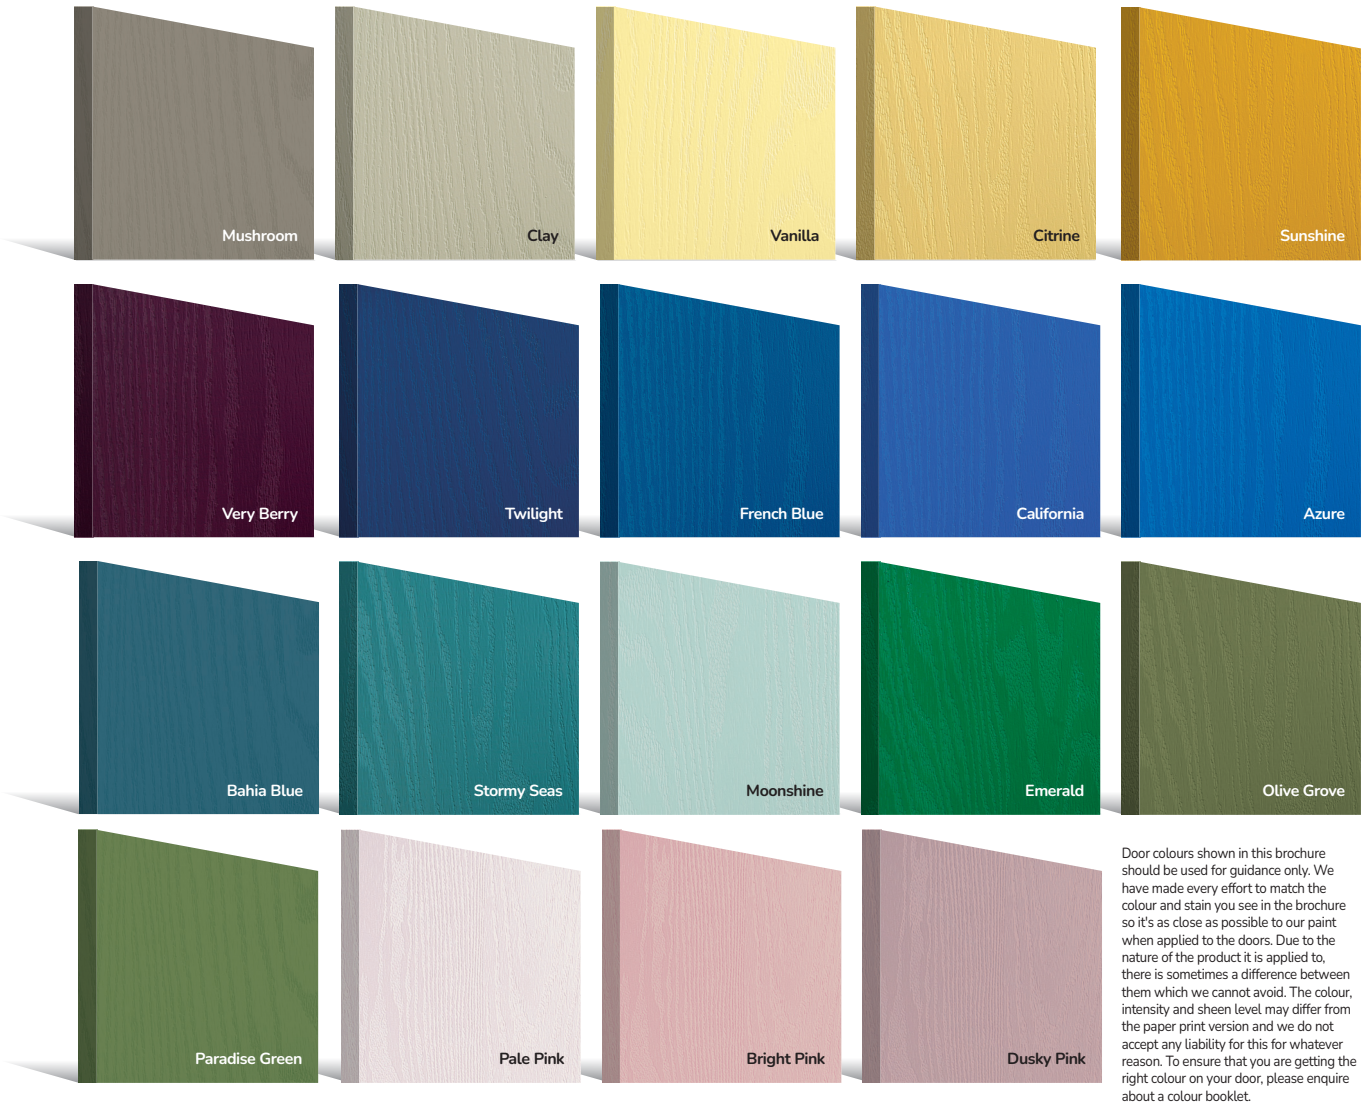

Yes. Anything.

With our high-performance paint technology we can offer any colour door you desire.

PATiNA

An exciting range of 6 patina colours are available exclusively on the Monza II, Eaton, Knightsbridge, Tatton, Gleneagles, Oulton, Grove and Kings door styles.

Door colours shown in this brochure should be used for guidance only. We have made every effort to match the colour and stain you see in the brochure so it's as close as possible to our paint when applied to the doors. Due to the nature of the product it is applied to, there is sometimes a difference between them which we cannot avoid. The colour, intensity and sheen level may differ from the paper print version and we do not accept any liability for this for whatever reason. To ensure that you are getting the right colour on your door, please enquire about a colour booklet.

GLAZiNG

Decorative Glass Options

Decorative Glass transforms doors and makes a personal statement. We offer a range of styles to suit all budgets and tastes from contemporary styling to traditional choices. All our decorative glass is manufactured to the highest possible standards.

Traditional

4 Bevel

A simple glass design combining 4 clear bevelled glass squares and blackened caming that allows the light to flood.

Artisan

Striking and flowing elliptical shapes join an array of crystal clear diamond bevels to create a dazzling effect. Glue chip surrounding textures provide a perfect contrasting finish.

Astoria

An Edwardian era design created using a combination of rich coloured glass of varying texture. Encapsulated inside a triple glazed unit to combine traditional leaded glass with 21st Century performance.

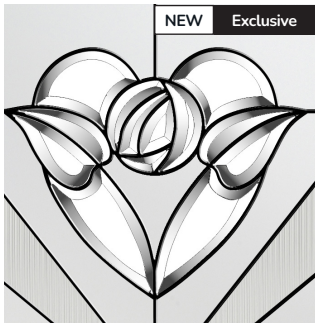

Athena

The Athena gracefully combines brilliant cut lines and a clean sandblast finish. The understated half glazed model is a great option as a simple glass design for a back door.

Belgravia

A Victorian inspired repeat design with a delicate star motif set into a diamond pattern. The combination of etched and clear glass works beautifully well on this traditional timeless design.

Blossom

The beautiful bevelled heart and flower motif that is the centrepiece of this design is reminiscent of the style created by Scottish designer and architect, Charles Rennie Macintosh. The combination of the central motif with subtle patterned glass makes this one of our most popular designs.

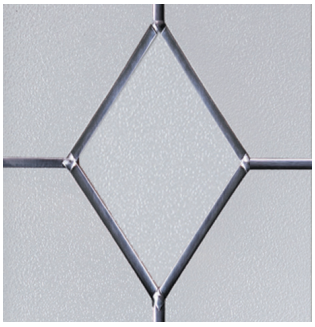

Birchwood

The purity of this linear range draws its inspiration from Frank Lloyd Wright. Hints of cubism come together with leading edge glass technology to create a wonderful multi-textured finish.

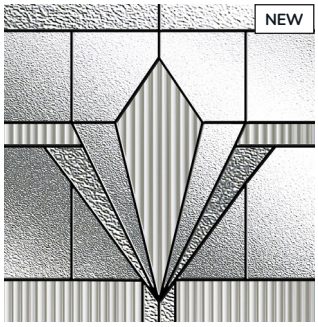

Bloomsbury

An impressive large bevel cluster for those looking for a real feature statement. The Bloomsbury bevels will refract light beautifully and it's intricate detail is unsurpassed.

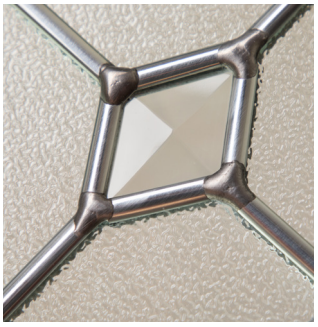

Carrington

Only available in our Carnoustie door, this simple design and uses traditional lead on a stipple backing glass. The diamond lead design sits proud to the outer pane when glazed into the door.

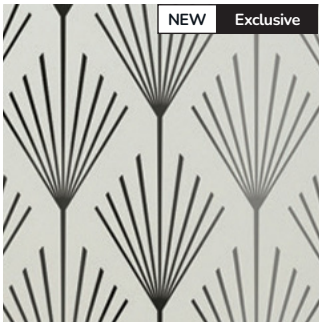

Casino

A 1930's inspired design utilising a range of clear glass textures to create a traditional design, particularly suited to inter-war properties.

Diamonte

Offset diamond clear bevels of the Diamonte design provide a particularly modern finish. This contemporary design is finished to the highest standard with zinc and soldered joints.

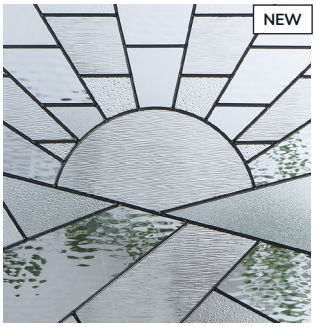

Empire

A detailed yet subtle design with a clear repeating design motif set against etched effect glass. The classic 1920's Art Deco motif design suits a wide range of door styles and architectural styles.

Essence

A 1930's style decorative glass design combining a range of bold heritage colours and textured glasses with blackened caming and traditional soldered joints.

Geometric

An intricate design of crisp line and geometric shapes creates an eye-catching and unique design.

Grange

Our Bullion uses new techniques to create a very deep cut and impressive look. The circular bands create prisms of light and the design works very well in all styles of property.

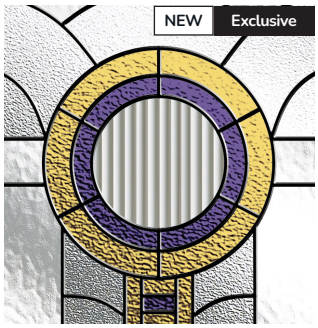

Hathaway

Antique coloured glass is joined using a stunning black came and weld. All is encapsulated within the insulated unit for easy upkeep and to protect the design.

Indulgence Grey

The delicately shaped clear glass bevels glisten against the etched glass and create a look of understated and tasteful elegance.

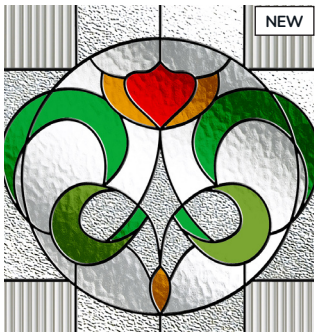

Jazz

Inspired by the striking glass designs of the Art Deco period, the combination of glass textures, colours and flowing lines makes a bold statement and focal point for your door.

Lanesborough

Genuine coloured Spectrum Glass with blackened cames combine to create this stunning leadlight design, reminiscent of the Victorian era. With Lanesborough, you can now have all the benefits of traditional leadlights, with the performance and thermal properties you would expect in your door. **Available in 3 border colours: Amber, Blue or Green.**

Lavish

Our most traditional design, the Edwardian-era, Savoy glass option combines timeless green, amber and red colourways with on-trend fluted glass. The glass pieces are combined with a subtle black caming and encapsulated inside the glass unit.

Numbers*

A custom house number as a combination of clear and etched glass, is available on a range of standard glass sizes.

Optimal

Simulated divided lights create the look of individual panes of glass, whilst maintaining the performance benefits of a single double glazed unit.

Onyx

Beautifully handcrafted, the geometry of the brilliant cut recurring diamond motif, complemented by etch effect glass, bring privacy and security to your home.

Prestige

An ageless classic design with crystal cut bevels surrounded by a stipple backing glass. The design incorporates clean zinc lines and traditional welded joints.

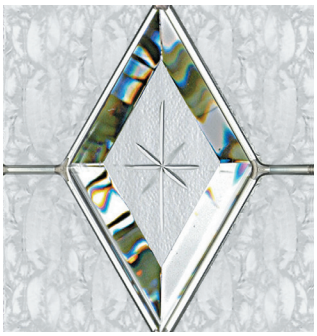

Speakeasy

A unique custom house number design that allows you to put your stamp on this art deco-inspired piece.

Stardrop

Stardrop features delicate star drops in a sparse pattern giving a high level of obscurity through the etched texture of the glass.

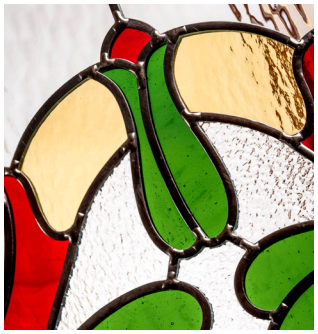

Trio Diamonds

The finest quality of hand crafted decorative triple-glazing with a contemporary zinc finish. Luxury crystal cut bevels are sealed securely between 2 panes of safety glass to ensure good looks for many years to come.

*Numbers is a bespoke glass design, customised to suit your number/ letter requirements. We use a standardised font but the position and scale may differ according to the number of characters requested.

Traditional

Tiffany

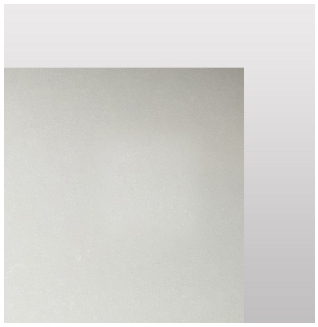

The Tiffany is reminiscent of designs used in the Victorian period. It uses a combination of vibrant coloured glasses against a background of softly rippled glass, with blackened cames.

Tranquility Zinc

This extremely popular model combines multiple cut bevels and striking backing textures all encapsulated with the insulated glass unit.

Contemporary

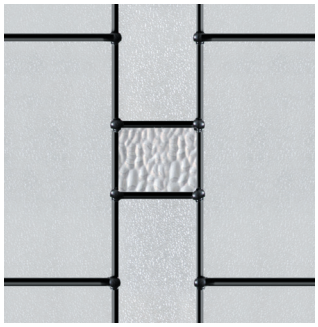

Artemis

Simple but extremely effective. The Artemis features an etched glass centre with a clear surrounding border. A strong option for both traditional and modern homes alike.

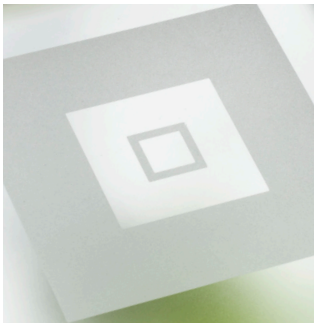

Aspen

This European style design is produced using high grade brushed stainless Inox elements, that are bonded to the centre pane of glass. This combination provides a unique contrast.

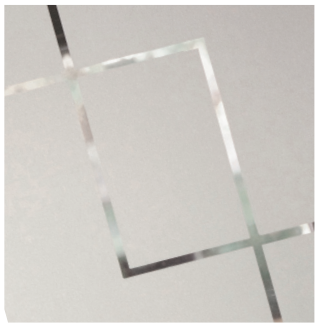

Aztec

A luxury triple glazed option, featuring modern black came with hammered and stipple backing glass. This crisp design offers very high levels of privacy and allows lots of light throughout any entrance.

Cubic

The concentric squares inside a band of sandblasted glass is a subtle take on our Vector design. The Difuso glass ensures high levels of privacy whilst maintaining light transmission.

Deco

Exclusively commissioned by glass artisans, Deco uses a sophisticated frosted backing glass coupled with clear dividing lines that create a simple, elegant and highly desirable contemporary design.

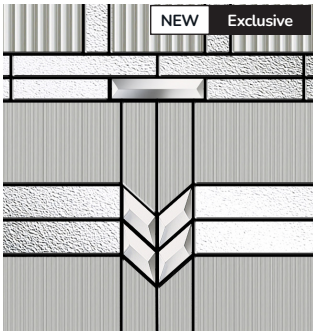

Halo

A stunningly simple design, Halo is created using hand cut glass centres, that are polished and bonded within a clear border. The contrast offers a beautiful combination.

Luxor

Intricate laser cut brushed stainless steel is inset within each triple glazed panel and located with zinc joining strips. A heavily embossed backing glass offers good levels of privacy.

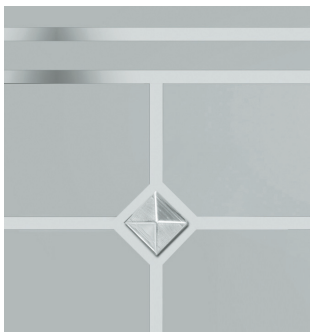

Palazzo

Inspired by the Prairie design movement, Le Moyne combines simple bevel glass pieces, lineal design and chevrons with on trend Fluted glass to create a stunning contemporary design.

Skyfall

Minimalistic yet full of modern impact, Skyfall features a combination of line and dot work to create an intricate and eye-catching design.

Mercury

A modern clear design laced into an etched backing glass with feature clear glass bevels. Mercury has a chic look with the glass bevels sitting proud to the outer glass pane.

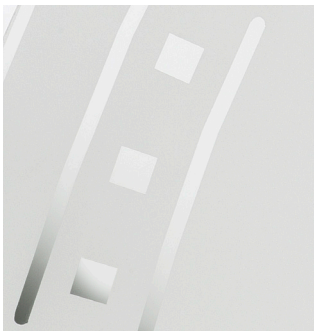

Milan

A modern yet understated, sleek decorative door glazing. A blend of deep cut glass bevels and 'reed' highly obscure backing glass, combined perfectly to reveal an extremely alluring finish.

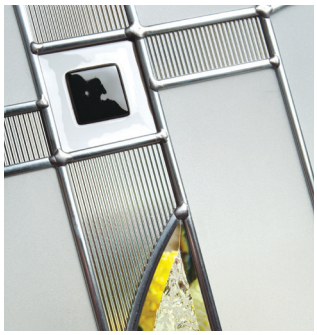

Panama

A sophisticated, contemporary design incorporating various glass textures with clear 'came' lines. Panama is a twist on lineal Art Deco period style.

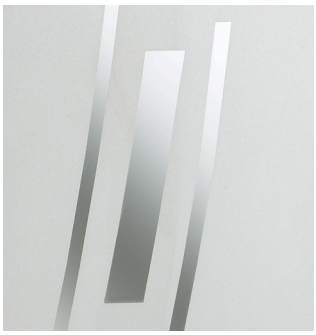

Rhapsody

Rhapsody is designed to focus on European styling that suits the door that surrounds them. Contemporary, clean, simple etched designs that have proved very popular.

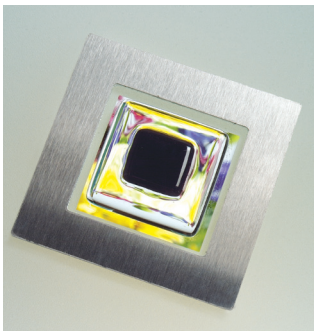

Synergy

A modern twist on a traditional technique, Synergy combines hand-cut textured glass pieces, contemporary fused glass elements and polished zinc caming.

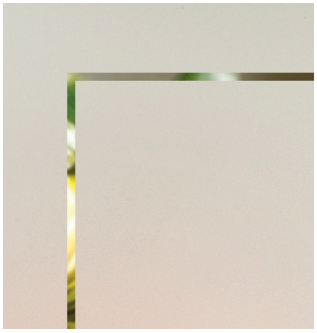

Tokyo

Tokyo is designed to focus on continental styling that suits the door that surrounds them. Contemporary, clean, simple etched designs that have proved very popular.

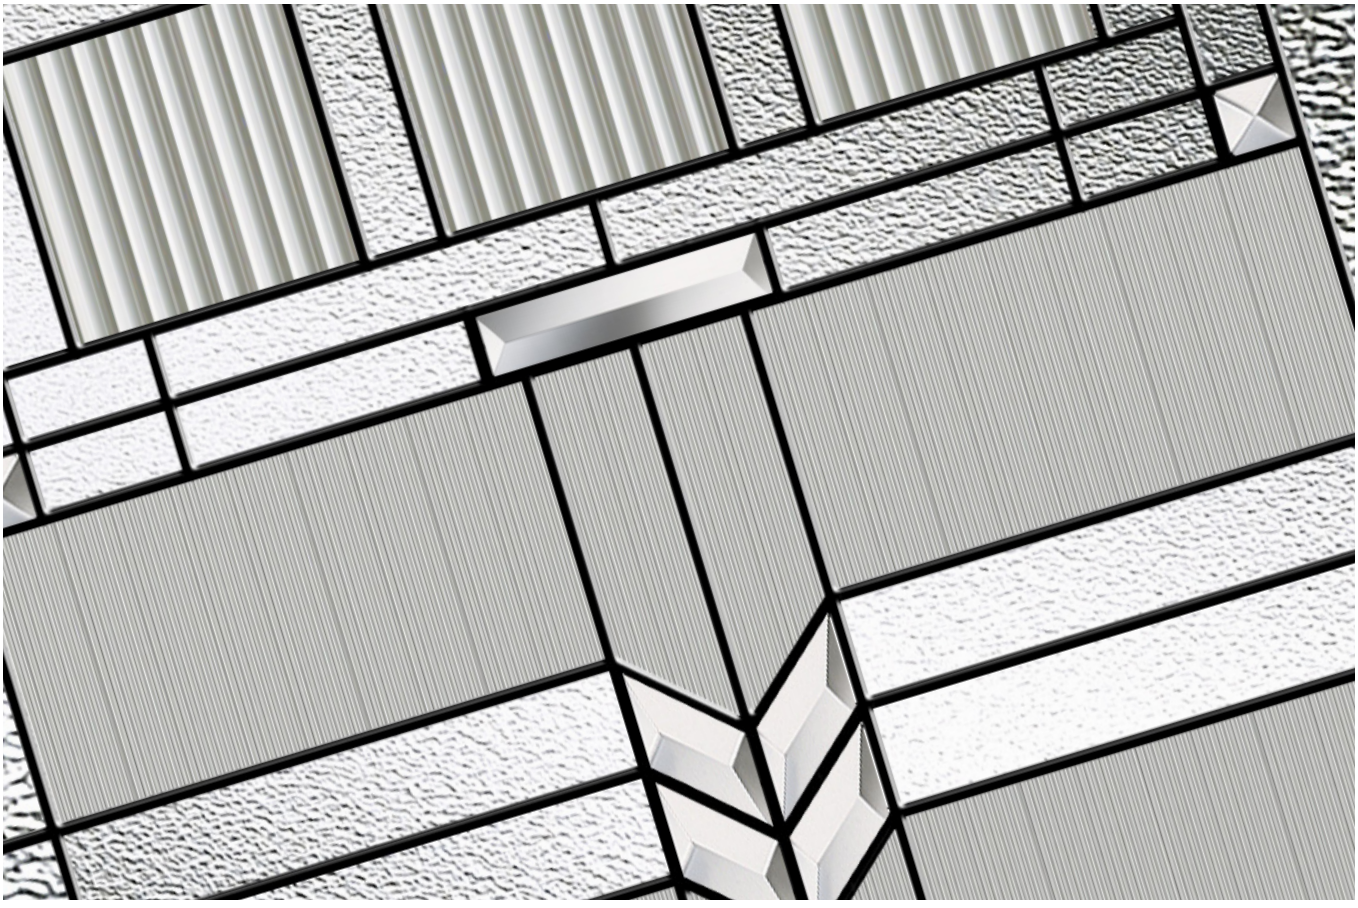

Vector

By combining Fusion glass tiles with small stainless steel elements and etched glass, Vector is a strikingly modern glazing option that is ideally suited for contemporary doorsets.

Victorian Border

Obscure delicately sandblasted glass combined with a crisp clear keyline gives Victorian Border a classical simplicity that is equally in place in contemporary and traditional doors.

Bold Pink

Inspired by Pop Art and developed into a decorative glass design unlike anything else available by our design consultant Jeyda, Bold Pink makes the ultimate statement.

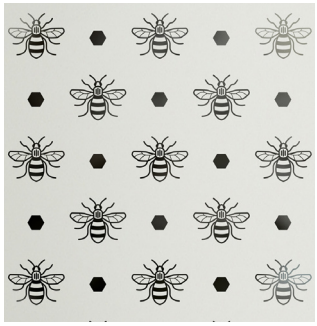

Etch Lines

The simplicity of the clear lines against the etched effect gives a truly contemporary, minimalist look that combines privacy and design.

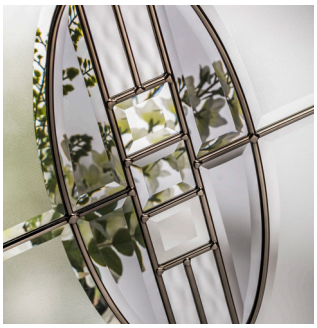

Graphite

Graphite is modernity at its best. Using the latest weld-free caming technology in stunning matt black, it is a modern take on decorative glass which will complement any contemporary door.

Hive

Hive has always been a icon of hard work, but more recently, promotes the ideal of togetherness. It's roots have been based in Manchester for centuries – but can be seen across the UK as a symbol of nature.

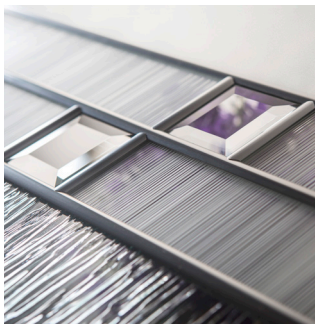

Impression

Stunning black chrome caming combined with satin and grey bevelled glass pieces, Impression makes a striking statement encapsulated inside a double glazed unit for easy cleaning.

Kew

Kew combines intricate bevel work and soft water glass against a background of obscure etched glass. The central flower motif will make a stunning focal point for any door.

Lotus

Using the 'weld-free' chrome finish aluminium cames, combined with bevelled glass pieces and etched Millenium glass, Lotus is a truly stunning yet simple design.

Louisiana

The complex bevelled design combined with stunning textured glass creates a design with undoubted kerb appeal and 'Wow Factor'.

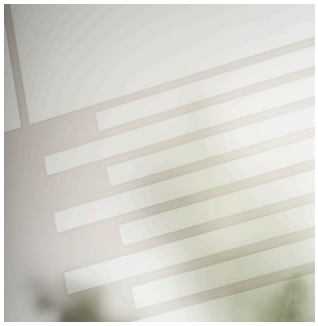

Metropolis

Metropolis is inspired by the Art Deco designs of the 1930's and, with its bold design and colourways, it looks equally at home in both traditional and more modern door settings.

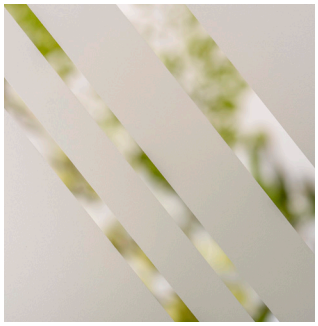

Peak

From the unique Jeyda design collection, Peak is a fabulously unique design with an array of colours and textures combined with fine black lines.

Quantum

Combining our soft acid etched Difuso glass with the deeper texture of the sandblasted design creates a modern, striking glass perfectly suited for contemporary doors.

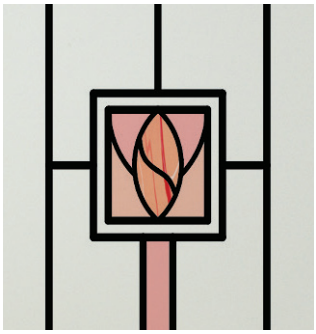

Skyline

A simplistic yet strikingly modern glass design, Skyline uses a combination of multi-width clear lines against a background of delicately sandblasted glass.

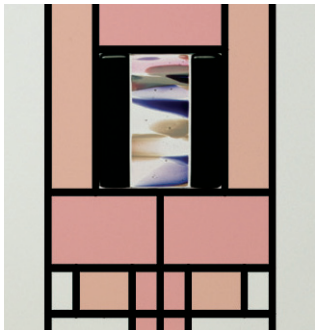

Skyscraper

Utilising flat black caming, on trend Fluted glass and simple bevelled glass pieces, the glass design features many of the elements featured in 1930's Manhattan architecture and now seen in the Industrial-Heritage style revival.

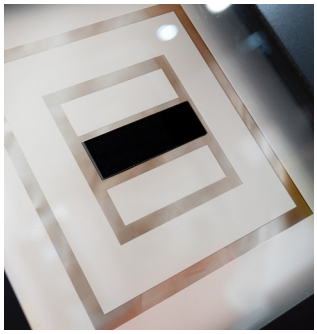

Soul Pink

The combination of delicate pink colours with varying levels of transparency, combined to create a modern design with a nod to the mid-century modern design style.

Spirit Pink

Bold colours and textured glass effects are combined with a beautiful, fused glass motif.

Space

Minimalist and stylish, Space is a modern geometric design of an etched glass design, offset with 3-dimensional black glass elements, encapsulated inside a triple glazed unit.

Designer

Tectronic

A truly contemporary design from our in-house designer Jeyda. The geometric shapes are combined with neutral greys and black glass colours to create a design unlike anything else on the market today.

Trinity

The multi-width lines of Difuso soft acid etched glass contrast beautifully with the deeper texture of the sandblasting to create a truly modern design.

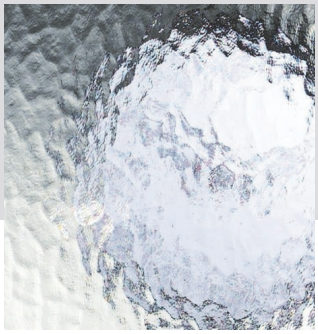

Tron

Simple yet effective, Tron features a linear design that provides a minimalistic intricacy that delivers real impact in many door designs.

GLAZiNG

Clear or Obscure Glass Options

The majority of our door styles are also available in a standard range of 4 carefully Laminated Low-E patterned glass options or Laminated Low-E clear glass.

Minster

Minster pays homage to historic hammered glass and is most suited to period homes or more traditional door styles.

Stippolyte

The timeless appeal of this stipple effect glass makes it one of our most popular options. The surface texture offers very high levels of obscurity and the design suits most door and house styles.

Cotswold

A more heavily textured pattern resembling water cascading over a surface. It is one of our most popular patterns and is especially suitable for doors that require higher levels of privacy.

Satin

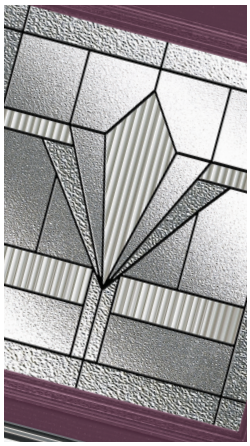

Satin glass is an acid etched glass that offers high levels of privacy. It is a very neutral finish similar to sandblast and is ideal for use in both traditional and contemporary doors. **Now available for all door styles containing grids.**

ORiGINAL® 44mm Door

- **Grained GRP skins are available in a wide variety of styles and colours including wood stains**
- **Stiles and Rails are manufactured from a water-resistant polymer**
- **The key material components of an ORiGINAL foam filled door are sustainably sourced LVL, recycled PVC and foam.**
- **Superior heat and sound insulation**
- **Complimentary choice of grained reglazeable cassettes**
- **Doors meet the test standard for PAS:24 and Secured by Design**
- **Q-Marked with full manufacturing traceability**

Glass

All the double and triple glazed units used in our doors are manufactured to the highest standard and come with internationally recognised accreditations for performance, strength and thermal efficiency.

High Performance Secure Units
All units are made laminated to comply with Document Q. All units are manufactured to the EN1279 standard for quality of seal and life expectancy

Thermally Efficient
All the clear or obscure glass units in our range have insulating features as standard. They are manufactured using low emissivity glass and the airspace is filled with Argon gas to give industry leading thermal efficiency.

In addition, we only use warm edge spacer systems.

Care and Maintenance

Your new door should keep you safe and secure for years to come however with all products and especially those that are exposed to the elements we recommend that you carry out a care and maintenance routine.

- **Door frames should be washed with warm soapy water.**
- **The door leaf should only be cleaned using warm water or non-aggressive composite door wipes. No solvent-based product or abrasives should be used as these will damage the surface of the skin.**
- **External glass should be cleaned with warm soapy water and cleaned with a proprietary glass cleaner.**
- **Maintenance of the door may be required to maintain any guarantees from the installer. Hinges should be lubricated with engineering oil. Cylinders can be lubricated with Teflon-based products only, as other oils may cause degradation. If necessary, a small amount of lubricant can be applied to the moving parts such as letterplates, handles and knockers.**
